HISTORY OF MAKOTO TRADING & TRANSPORT

The Present time – Sales teams are in Tokyo office

We have 60 years of extensive experience !!

Freight Forwarder

Providing full range of services such as documentation service, sea, air and sea & air services. We have agents throughout the globe and can manage any cargoes everywhere including triangle shipments.

Sea & Air Service

The cargoes from Asia travelling to Dubai first and trans-loaded from the containers to the airfreight pallets within 8-12 hours. They will be sent out by the fastest airfreight to Europe, Africa or the Americas. Furthermore the agent can provide immediate delivery from the airport straight to the warehouse of your choice.

Sea & Air Shipments can save time and contribute to the reduction of carbon dioxide(up to 45%).

Customs Brokerage

Makoto Trading & Transport registered to Yokohama Customs. We can help clearing the goods through customs barriers for importers and exporters. We have 60 years of vast experiences and extensive networks from Hokkaido to Okinawa. Consequently we can handle any cargoes any ports.

Furthermore we can provide further services such as documentations, insurance, packages and transporting.

Domestic Offices and Partners

We have strong networks and can handle any sea/air shipments anywhere in Japan.

Warehousing & Distribution

Having bonded warehouses in Yokohama and Tokyo with excellent warehouse operators. Then customers can store their goods safely. The goods can distribute whenever they want.

Once our custom team clear the good. Then our subcontractors can load the cargoes into containers or devan the cargoes from the containers.

Your benefits

We can provide comprehensive services from freight forwarding, custom brokerage, warehousing and more. (Look at the chart)

Therefore we are confident that we can meet your needs and consequently your shipments proceed very smoothly.
